Experience

REGISTERED NURSE 01/2022 to Current

DaVita Dialysis – Jackson Ms.

- Assessing patients for impending complications; ensuring that the dialysis area is clean before beginning procedures.
- Monitoring each patient's vitals and response to treatment and evaluating the effectiveness of dialysis equipment.
- Administering medication and providing support and encouragement to patients who are apprehensive.
- Conveying patient-specific information to the nephrologist, dialysis technicians, and other health care providers.

- Informing patients about their condition, treatment schedule, dietary restrictions, and any other relevant information that would affect the outcome of their care.
- Overseeing all activities related to equipment maintenance, cleanliness, and sterilization.
- Assisting in administrative functions related to maintaining accurate records on patient profiles, treatments given, equipment used, and supplies needed.
- Monitoring progress towards established goals for patients on chronic dialysis and modifying treatment regimens to meet patient needs.
- Post-dialysis care, which may include educating patients and their families about how to manage and perform dialysis at home, including medications, proper nutrition, lifestyle changes, and monitoring compliance with the treatment plan.

REGISTERED NURSE | 01/2021 to 02/2022

St. Dominic Hospital - Jackson, MS

- Managed patient care as well as medication, orders, and treatments
- Monitor cardiac and physical status of the patient under care
- Maintained patient's critical records and assisted with execution of the physician's orders
- Administered treatments and sterile procedures
- Developed plan of care that included educational and discharge planning interventions
- Provided health promotion, patient counseling and patient education.
- Established treatment plans and coordinated care in collaboration with a wide array of health care
- Performed diagnostic tests, venipunctures, sonograms and inseminations.
- Administered medications and provided subcutaneous and intramuscular injection teaching.
- Orchestrated the completion of Family and Medical Leave Act and Disability paperwork
