- Encouraging a culture that promotes staff productivity.
- Assessing, monitoring and caring for patients
- Performing administrative tasks, such as creating staff schedules and ordering supplies

Reason for leaving:

I currently work at Grace Care. I worked at this facility before it was Grace Care, and I have worked in multiple departments before becoming an LVN. I have worked at this facility for 16 years as a nurse. During that time, I was ADON for one year and the Wound Care Nurse for six years before that position was merged back into the charge nurse role. While I love working for the long-term care facility, I feel that it is time to move on and explore other areas of nursing.

Licensed Practical Nurse

Started 2002 to August 2005

STARTING PAY: \$20.00, ending pay \$22.00/HR

Home Health Nurse/LVN

Responsibilities:

- Record patients' medical records and monitor vital signs.
- Providing direct care to client.
- Liaising with doctors and administrators.
- Ensuring compliance with all health and safety regulations.
- Accompanying client and/or family to doctor appointments.
- Recording and maintaining accurate reports.
- Accompanying client to school each day during the school year.
- Daily g-tube feedings and medications.
- Keeping the child occupied.
- General housecleaning as needed for the client.

Reason for leaving:

My client passed away in July of 2005. At that time, I worked with him in St. Jo, Texas, for three years. AOC Pediatrics then sent me to Denton to cover cases. As a single mother with young children, this was just not compatible. When the DON at The Nocona Nursing and Rehabilitation Center called me, I accepted the position and began my 16-year stretch with them.
