Currently full time nurse case manager with Blue Cross Blue Shield Select Community DIDD population. Work closely with individuals with developmental and intellectual delays for case management of healthcare. Work closely with their provider agency to assure members are up to date on all needed medical care. Collaborate with many physicians and medical providers on behalf of tge members on my caseload. I manage around 50 members currently and this can go you as high as 70 members at times.

Authorized to work in the US for any employer

Work Experience

REGISTERED NURSE/ADMISSIONS NURSE

CLINICAL PRECEPTOR - LaFollette, TN

April 2016 to Present

Began with Blue Cross April 2016 and have sat for and received CCM as well as CDDN certifications. Have received many recognitions during my time with Blue Cross Blue Shield. Each year my annual evaluations earn me top raises from the company and I am always striving to do the best job for my employer each day.
