Work Experience

RN II

University Medical Center - El Paso, TX

2019 to Present

Perform History and Physicals. Assess patient health condition and progress, administering treatments, and offering healthcare advice. Observe patients and reported adverse reactions to medication or treatment to medical personnel. Administer medications and monthly injections. Collect samples, such as urine, and blood from patients for testing. Provide emergency first aid care, monitor and record all vital signs. Oversee special pods of diabetics and mental health patients. Assess patients in active withdrawal and provided interventions to manage withdrawal symptoms. Scheduled and administer EKGs to inmates. Answer inmate questions concerning blood sugar, blood pressure, breathing treatments, medications, and respond to emergencies at inmate's pods. Maintain medical supplies, limiting the use of potentially dangerous instruments. Serve as Charge Nurse, overseeing 2 LVNs and 1 CMA on night shift. Record all care information concisely, accurately and completely in a timely manner in the appropriate format. Collaborate with primary care providers to ensure continuity, timeliness and appropriateness of care for all inmates.
