

Trinetta Gipson

Advanced Practice RN Seeking PRN or Per Diem Opportunity

Norcross, GA

trinettagipson@gmail.com

+1 404 539 5564

Board Certified APRN with over 16 years' experience as a RN working in a high-volume emergency department in varying roles to include Charge Nurse, Preceptor/Trainer and Change Advocate. I am detailed oriented with extensive computer knowledge and electronic medical records documentation with the ability to quickly assess patients to determine the best plan of care. I am a fast learner and work diligently on task assigned both autonomously or in a group. I work effortlessly in establishing a trusting rapport with patients and families in providing high quality care in addition to a proven history of disseminating change, streamlining the triage processes in addition to educating others on how to quickly assess and identify critical patients to initiate emergent protocols.

Willing to relocate to: Miramar Beach, FL - Hawaii - San Diego, CA

Authorized to work in the US for any employer

Work Experience

Advanced Practice Registered Nurse

MRG EXAMS

July 2021 to Present

- Complete a digital review of medical records, conduct a physical assessment based on specific disability claims, submit information gathered through an online portal utilized by the VA to review as part of the Veterans compensation & pension claim.
- Evaluate service treatment records and compile relevant information to diagnose appropriate medical condition based on objective evidence from focused and/or general review of systems during the physical assessment.
- Provide detailed medical opinions to establish a correlation between the claimed disability and/or the injury, illness or event that occurred during the Veterans service time.

Clinical Oversight APRN - Remote

Romack Inc (CVS)

August 2020 to March 2021

- Provide clinical oversight for COVID-19 testing services in a retail clinic setting while functioning autonomously to prioritize & solve problems.
- Collaborate with the COVID-19 Send & Swab team in facilitating proper testing procedures from specimen collection to order placement or troubleshooting any system processes for EPIC electronic medical records documentation.
- Communicate effectively with various Minute Clinic sites while collaborating with Pharmacy team in ensuring that all procedures are adhered to when collecting and processing specimens related to COVID-19 testing.
- Educate patients on maintaining proper health during follow-up calls.
- Evaluate, make recommendations, co-manage and treat patients' medical needs for safe and high quality care.

- Document all patient care within an electronic medical record (EPIC).
