## Summary

---

Compassionate experienced Registered Nurse with strong understanding of long and short term care facilities. Skilled at developing comprehensive pre and post-treatment plans with patients and their team for quality healthcare. Committed to patient education and advocacy. I am very compassionate towards my patients and all the care I provide with an emphasis on a holistic approach. I believe in the physical and mental well being of the patient and caregivers are necessary to progress towards their goals. My employment in the field of medicine began decades ago as a CNA and progressed to my current degree as an RN. In this vast amount of time in my life, I have learned many skills in medicine, but I pride myself on not only medical experience, but the compassion and care to each individual I encounter.
