EDUCATION

MAY 2021

BACHELORS OF SCIENCE IN NURSING, ARKANSAS STATE UNIVERSITY

My GPA was 3.81, and I graduated with honors recognition. I was on the Chancellor's List or Dean's List every semester in addition to being on the Honors Director's List. I was a member of Sigma Theta Tau, the Student Nurses' Association, and the Honors College.

EXPERIENCE

JUNE 2021 – PRESENT

REGISTERED NURSE, NEA BAPTIST MEMORIAL HOSPITAL

The unit I work on includes three specialties: orthopedics, neurology, and oncology/hospice. I've learned to succeed in a fast-paced, ever-changing environment. It has sharpened my ability to work as a team as well as work independently. I have learned skills from many different specialties that I am sure will help me in the future.

SKILLS

- Collaboration and teamwork
- Communication
- Critical thinking
- Time management and stamina
- Ethics and confidentiality
- Dependability

ACTIVITIES

I am passionate about using my skills and abilities for the greater good. I have volunteered with multiple organizations, including Habitat for Humanity, the Nashville Rescue Mission, several Blood Drives, the Humane Society, and have served in multiple volunteer roles at my church. I have certifications in CPR and Basic Disaster Life Support, and am eager to expand my certifications. My time as a registered nurse has been nothing short of fulfilling. I seek every day to connect to each of my patients and learn how to better serve them as well as the healthcare system as a whole.
