Objective

I am seeking to work for a company that will offer me challenging task, so that I will have the opportunity to sharpen my skills and gain crucial hands on job experience. I also wish to work in a position that allows me to coordinate with my co-workers seamlessly and ensure that each individual member fulfills his/her individual objectives.

WORK EXPERIENCE

Registered Nurse

Medical Surgical/ Telemetry (Travel Nurse 01/2022- 03/2022)

Employer: Asante Ashland Community Hospital

280 Maple St.

Ashland, OR 97520

Provided medical services at the scope and level of a Registered Nurse to preserve the health of employees and client personnel. Systematically assessed the urgent or emergent health needs of patients, analyzes data, and formulated a plan of care, with other members of the medical team. Recognized and treated illnesses and injuries according to established operating instructions within the scope of licensure and regulations of state employment or practice.

Recorded and maintained patient information in accordance with standard protocols, and the Privacy Act. Identified and recorded the signs and symptoms of physical and mental conditions. Thoroughly exercised the skills in initiative, judgment, problem-solving and decision-making daily. Made independent judgments and prioritized workload.

Demonstrated proven success in stressful environments. Pursued professional development activities and continuing education to ensure currency with present practices and trends in healthcare and specifically in the practice of emergency medical treatment. Monitored reconciliation of financial transactions and ensures contract charges are applied uniformly. Protected patients' privacy through confidentiality, infection control procedures, assuring consistent medication administration, and assuring proper storage and maintenance procedures for all equipment and supplies.

Registered Nurse)
