Registered Nurse - (Critical Care Unit)

Lovelace Medical Center - Albuquerque, NM | March 2019 - Aug. 2019

- Always utilized superior bedside manner and high degree of professionalism while administering care to patients.
- Instrumental team member in collaborating with a team of RNs, NPs and Physicians to address patients' needs and treatment plans.
- Exercised excellent time management skills to accomplish all scheduled daily tasks, adapting to unexpected patient's needs, in a fast-paced and constantly changing environment.
- Maintained confidentiality of patient data and records while diligently complying with the applicable rules of ethics and exceeding all professional standards of care.
- Utilized excellent communication skills to explain treatment procedures, medication risks, special diets, and physician instructions to patients and their families.
- Proven ability to work well under pressure and maintain impeccable judgment.
- Diligently worked to stay up-to-date on policies, procedures, and healthcare practices in order to provide outstanding patient service.
- Consistently met or exceeded goals established by the medical center.

Registered Nurse - (ICU & Critical Care Unit)

Presbyterian Hospital Downtown - Albuquerque, NM | Sept. 2016 - Oct. 2020

- Exercised patience and compassion in performing all duties with exceptional customer service and appreciation for patients.
- Provided the highest level of care for post-op surgical patients while completing post-operative procedures.
- Leveraged outstanding leadership skills in training, instructing, and mentoring new nurses on best methods, policies, procedures, regulations, and guidelines to increase operational efficiency and ensure the highest levels of patient care.
- Duties included but were not limited to: developing patient care plans, monitoring vital signs, administering medications and IV fluids, and diligently monitoring the recovery process while immediately notifying charge nurse of any change of patient status.
- Built strong relationships with patients through knowledge of the medical field, service, and honesty.
- Strictly followed rehabilitation and treatment care plans to accelerate patient recovery and optimize patient outcomes in order to achieve discharge goals.
- Demonstrated integrity and leadership by following all hospital policies and procedures, exceeding expectations, and being continuously flexible and dependable in scheduling.
