Work Experience

RN Agency Nurse

Select Specialty Hospital - Knoxville, TN

September 2021 to Present

I currently work with Maxim, agency nursing. I have been re-extending my contract at select for 10 months now! I work alongside RT, CNA with long term acute care patients. Most of these patients have tracheostomies and need mechanical ventilation. I pass meds, lots of wound care, tube feed administration and much more. I assess the needs of my patients and work along side of the doctor's and families to provide the best of care possible.

RN

Methodist Medical Center

June 2015 to September 2021

- Staff Nurse: Responsible for all aspects of patient care for up to 12 patients. Our nursing team includes 1 RN, 1 LPN, and 1 CNA. Daily tasks including creating a plan of care, physical assessment, medication administration, implementing nursing interventions/skills, assisting physicians with procedures, recognizing changes in patient's condition and intervening immediately, and advocating for patients.
- I also floated to the ER, ICU, CCU, med/surg, oncology, cardiac, respiratory, covid step-down for 5 years (except covid was 2.)
- Primary nursing is also an option at times. This includes having only 5 patients but doing total care for all 5. This atmosphere has allowed me expand my team-building skills, communication, and grow as a nurse.
