Company has closed

October 1993 – May 1995

Baptist Memorial Hospital

899 Madison Avenue

Memphis, Tennessee

Hospital has been torn down

I have been a nurse in Tennessee since October 1993. My experience includes cardiac and neuro ICU, shock trauma as well as acute and chronic hemodialysis. My most recent experience has been in an emergency room during Covid pandemic. I have excellent assessment skills and work well as a team player. Due to the vast experience that I have, I would be an asset to any unit.
