PROFESSIONAL I am currently an ADON. I am currently looking to expand my acute care skills in SUMMARY a hospital setting. My acute care experience was CV-icu RN, with 6 months experience. I was an LPN with 9 years of LTC experience before pursuing my RN. I have impeccable time management skills, am always a team player, and not afraid to ask questions if needed. I love what I do, but I want to use the skills I have to get out there and help as well as see some things along the way.

Work Experience

Work History Assistant Director of Nursing

Cheyenne Mountain Care Center - Colorado Springs, CO

April 2022 to Present
