RENAL/ORTHO MEDICAL-SURGICAL | DECEMBER 2018- FEBRUARY 2019

EDUCATION

University of Mary Hardin-Baylor — Belton, TX

Bachelor of Science in Nursing & Minor in Psychology | Graduated May 2020

INVOLVEMENT

Maternal Designation

Assisted in preparing our unit for maternal designation survey by organizing policies, recognizing deficiencies, and creating a plan of correction in order to achieve a maternal designation of Level III.

Simulation Committee

Collaborated with staff to develop simulations most appropriate for the unit's learning needs such as postpartum hemorrhage, covid drills, maternal codes, malignant hyperthermia, and hypertensive crisis. Simulations were multidisciplinary, including staff such as physicians, nurses, anesthesia, ancillary staff, and other departments such as Mother & Baby, Emergency Department, and ICU.

Bereavement Committee

Assisted staff in making molds, hand and footprints, bereavement cards, and taking photographs of IUFDs for patients experiencing perinatal loss. Assisted in creating a bereavement checklist to support staff in thoroughly caring for this patient population.

Whiteboard Redesign

Redesigned original whiteboard used throughout the hospital to better focus on the Labor & Delivery patient population by including delivery plan and infant's care preferences.
