SKILLS

- Thorough patient and family education
- Time management and prioritization
- Health assessment
- Strong clinical judgement
- Strong communication with team members
- Coordinating patient care

ACTIVITIES

During my time at Roseman University, I was an active member of Honors society, the Critical Care and Emergency Student Nurses Association, and Student Nurses Association. I volunteered around the community and participated in various events including attending guest speaker seminars. I also took part in Roseman University's COVID-19 POD vaccination site administering vaccinations to healthcare workers and the elderly community.
