EDUCATION:

Voorhees University

Bachelor of science in biology/ concentration Pre-Nursing

Graduated: May 2022

GPA: 2.7/2.8

Objective: I am a newly grad looking to learn more and interact. I provide support, outgoing and friendly with understanding/great communication skills. I am looking to work and learn more about babies and patients as I aim to finish my education concerning babies although I am comfortable working with all ages. My ability to be level-headed which I generally remain calm with others while I am trying to do my job but can also work with difficult situations when presented. I am also looking to earn my way up educationally and work wise expanding clinical skills and establish a strong foundation in nursing. I know that organization and leadership skills is very important as well which is also something I am good at. I look forward to any feedback you may have.

TECHNICAL/NON-TECHNICAL SKILLS:

- Microsoft Word, Excel, PowerPoint

PROJECTS/RESEARCH:

- Researched a four-page essay on Computer Science and Biology.
- Possess strong commitment to team environment dynamics with the ability to contribute expertise and follow leadership directives at appropriate times.
- Leader of a public health group project that included 4-5 people.

VOLUNTEER EXPERIENCE:

- **Community Service**
- Helped out with STC after school program during high school (Allow kids to stay after school to finish work and hang out)
