

Lucy Chalabian, BSN, CCRN

(559) 212-8910

lucyc1212@gmail.com

chadandlucy@gmail.com

I have been a nurse for over sixteen years. Approximately, fourteen of those years have been spent in the ICU, both Pediatric and Adult at designated Level I and II Trauma Centers. I thrive under pressure by being able to work calmly and efficiently during critical situations. I take pride in myself for being able to quickly adapt to ever changing situations. In addition, I am a great communicator with both patients and my peers, a very hard worker, and an excellent team player. Always striving to reach the ultimate goal: for the best patient outcome.

----My experiences include, *however* are *not* limited to----

- Assess critically ill patients condition, plan/implement care
- Respond to acute situations ensuring appropriate assessment/interventions
- Work with minimal supervision in a fast paced environment
- Proficient in the care for both the pediatric and adult patients on ECMO
- Proficient in the care for the patients on IABP
- Proficient in the recovery care of the fresh pediatric and adult open heart patients
- Proficient in the recovery care of the fresh cardiopulmonary transplant patients
- Care of the patient on hypothermia protocol
- Also very experienced with: CRRT, Swans/Svo2, Co/Ci/ Hemodynamic monitoring, specialized ventilators such the jet, the oscillator, and bifurcated/double ventilator, external drains/ventricular drains, ICP monitoring, and titrating numerous drips concurrently.
