tpiegza@yahoo.com

I have been a Registered nurse for a little over 3 years. In that time I have been a pediatric emergency room nurse, and a little over a year ago had the amazing opportunity to help start a new program within Main Methodist. Under the direct supervision of our medical director (Chandra Ellis, MD) I have learned how to directly treat burn patients as well as, provide wound care to patients. This care was both provided within the hospital and in the outpatient clinic. I also helped train and teach all nursing and supporting staff on how to do dressings and take care of our patient population. Now I currently work in a freestanding ER, as well as work in a pediatric ER

### **Skills**

- BLS, ACLS, PALS certified
- Office Management
- TNCC, ENPC November 2021

### **Work Experience**

December 2021-current  
North Central Baptist
