PROFESSIONAL PROFILE

- I am a driven RN who is currently working in critical care. Learns quickly and adapts easily to my surroundings. I work well alongside team members and lead with positivity in daily tasks. Adept at addressing patient needs with compassionate care and attention to detail. Committed to furthering my nursing skill set and integrating the values of your hospital as I care for patients.

WORK EXPERIENCE

Registered Nurse- Medical Intensive Care Unit (MICU)

Our Lady of the Lake Regional Medical Center; Baton Rouge, LA
June 2021- Present

- 24-bed high acuity unit in Level II Trauma Center
- Manages and prioritizes care of patients receiving mechanical ventilation, both endotracheal and tracheal
- Frequent assessment and timely titration of sedation, cardiac, and vasoactive medications
- Properly and timely documents patient assessments, vital signs, critical laboratory results, care planning, and education
- Collaboration with physicians and interdisciplinary team members of all specialties, primarily the Critical Care Team
- Provides end of life care for patient/family as needed in the critical care setting

Registered Nurse- Medical-Surgical Intensive Care (MSCC)

Our Lady of the Lake Regional Medical Center; Baton Rouge, LA
June 2022- Present

- 12-bed high acuity unit in Level II Trauma Center
- Assessment of patients immediately upon arrival
- Monitors patient vitals, airway and vent settings, including interpretation and provider communication
- Interprets EKG changes and responds accordingly
- Daily nurse-led rounds, including collaboration and suggestions to providers to improve patient care
- Responds to emergency situations, including Rapid Responses on other units

Nurse Technician- Medical-Surgical Unit (Sur-2)

Our Lady of the Lake Regional Medical Center; Baton Rouge, LA
May 2020- May 2021

- Assisted in patient admission, discharge, and transfer. Measured, collected, and recorded patient data (e.g., weight, vital signs) and reported symptoms, reactions, and changes in patient's condition to the Registered Nurse
- Provided timely basic care to patients such as bathing, preparing meals, feeding, and dressing
- Worked with Registered Nurse to observe IV initiation, insertion of indwelling urinary catheters, perform bladder scans, and perform wound dressing changes
