Objective

Dedicated to make an immediate contribution as a Patient-Focused practicing nurse. Seeking to join a healthcare team using earned skills & knowledge with a passion for learning & growing professionally within a dynamic healthcare environment.

Experience

Registered Nurse, University of Illinois at Chicago — 2022-Present

Perform specialized nursing duties in assisting surgeons with a variety of complex procedures; as a scrub or circulating nurse. Maintain surgical services in accordance with competency standards. Communicate with surgeons, anesthesiologist, and OR team, continuously, and as needed about patient condition. Relay appropriate SBAR to PACU staff to ensure continuity of care.

Licensed Practical Nurse, University of Illinois at Chicago — 2019-2022

Provide quality care to approximately 100 patients per day, across spectrum of ages and demographics. Triage incoming calls and walk-ins, prioritizing patient care. Assist with procedures, supply physicians with needed surgical tools and instruments. Perform accuchecks, injections, vaccinations, EKGs and point of care testing.

Licensed Practical Nurse, Westchester Health & Rehab Center — 2018-2020

Manage care for up to 20 patients in accordance with the physicians orders alongside an RN supervisor & several delegated CNA's. Work collaboratively with a healthcare team to plan & maintain a safe working environment. Document data related to patient care but not limited to assessment results, interventions, medications, patient response, or treatment changes.
