To obtain a position that will allow me to fully utilize my skills and further enrich my career as a nurse. I am working also on advancing my license status from ADN to BSN. I have been attending Aspen University and my goal is to have my BSN by this time next year. I have completed 5 of the required 10 courses.

Work Experience

Registered Nurse (RN)

HCA Houston Healthcare Southeast - Pasadena, TX
October 2012 to Present

- I currently work on the IMCU unit
- Caring for patients that are being downgraded from the ICU unit
- My job includes assessing the patient and educating them on their disease process, the administration of medications, developing a plan of care for the patient with patient outcome goals and educating the patient and the family in their care. Maintaining IV access for medication administration. I collaborate with the patient's physician and the multidisciplinary team to develop the best plan of care for the patient and during their hospitalization and for discharge needs.
- I also work as a relief charge nurse that requires being a resource nurse for the team and scheduling needs for the unit.
- Work with the diverse needs of each patient through the entire continuum of care, providing and ensuring the highest level of service according to established service standards, optimizing the patient experience.
- I am responsible for ensuring the safe care to patients, staff and visitors at the facility.
- Maintain a safe work environment, protecting the patient and the public during the COVID-19 outbreak and maintaining excellent isolation protocols, making sure to prevent the risk of exposure to the disease.
- Maintain current RN license and required education and skills to practice in the State of Texas.
