Experience

Medical Solutions, Omaha, NE

Critical Care Nurse, (August 2021-Present)

- **Day Kimball Hospital**, Putnam, CT (August 2021-Present)

The Intensive Care Unit (ICU) - RN is responsible for diagnosing responses to actual or potential health problems and for providing basic emergent, supportive, and restorative care through the use of our nursing process. The ICU RN demonstrates knowledge and skills necessary to provide care appropriate to the age of the patients served in assigned responsibility.

Middlesex Hospital, Middletown, CT

Critical Care/Intermediate Care Unit Nurse, (July 2020-August 2021)

- Applies the nursing process with patients and families, integrating principles that reflect sensitivity to their age-specific/developmental needs, gender, culture, religion, psychosocial and socioeconomic backgrounds in order to provide evidence-based, holistic care in a manner that respects the worth and dignity of each individual.
- Practices professional nursing as a registered nurse within the legal and ethical framework established by the Connecticut Nurse Practice Act and the American Nurses Association Scope and Standards for Nursing Practice and Code for Nurse.

Yale New Haven Hospital, New Haven, CT

Cardiothoracic ICU Registered Nurse, (February 2020-June 2020)

- Utilize the nursing process of assessment, planning, intervention and evaluation while caring for our patients maintaining confidentiality and dignity.
- Provides safe, effective evidenced based care tailored to the individual needs of the patient and family.
- Partners with the team to facilitate the coordination of patient care at the unit level utilizing the principles of patient/family centered care.

Education

University of Connecticut, Groton, CT
