OBJECTIVE

To obtain a position as a Registered Nurse providing exceptional, compassionate care to patients of all ages.

BACKGROUND/PRESENT

As an Air Force Flight Medic, I currently hold my Journeyman Level (5), NREMT, and BLS certification. I recently graduated from San Antonio College's RN, A.A.S. program. I am very passionate about my role in the medical field and would love the opportunity to gain more knowledge and experience. I am looking for a stimulating environment which will challenge my knowledge and skills, while also creating opportunities to absorb as much knowledge as possible to help as many people as I can. I will be enrolling in a BSN program in the fall and hope to start my journey with this hospital. I look forward to my growth within this hospital and the potential opportunities to progress within the system. As I further my education, I want to work with the greatest in the profession in order to become proficient and achieve excellence. I am hopeful that this is the hospital where I can achieve this for my entire career, and look forward to being a part of the team.
