I currently work at San Ramon Regional Medical Center in CA. I just purchased a home in Prosper, TX and actively looking for a new work family. I have a strong desire to work in NICU. I have been a circulating RN close to 2 years now and comfortable in various specialties such as: general surgery, plastics, pain management, orthopedics, podiatry, ophthalmology, ENT, and OB-GYN. I have worked in both hospital OR and ambulatory surgery centers. I am also experienced with outpatient clinic settings, preop and PACU. I am proficient with Epic, and Cerner EHR. I am current with my BLS, ACLS, NRP and STABLE. Prior to becoming an RN I worked as an LVN for 15 years. My LVN experience includes ambulatory surgery centers, case management, home health and hospice, long term care, urgent care, and outpatient clinic.

Willing to relocate: Anywhere

Authorized to work in the US for any employer
