### **RN Home Health**

Dickinson health care services - Iron Mountain, MI

January 2020 to September 2021

Provide wound care, teaching, intravenous, phlebotomy

### **Clinic RN, Home Health RN and Home Telehealth RN**

Veterans Administration - Menominee, MI

May 2016 to April 2019

and Iron Mountain, MI

CBOC RN: Room patients, handle necessary communication between staff and other agencies to enter needed consults as needed for the total care of veterans. Blood draws, ekg's, wound care, and a variety of nurse visits.

HBPC RN (home based primary care): Home visits to veterans providing skilled nursing. Collaborate with other members of the PACT team to provide well rounded care to the veteran. Case management responsibilities working closely with both inside and outside agencies. Developed patient centered care plans with SMART goals.

HOME TELEHEALTH CARE COORDINATOR RN: Analyze data sent in via home telehealth device located in veterans home. Communicate with personal care physician ( PCP) and the rest of the health care team to assist vet in meeting goals. Develop care plans and provide triage on a daily basis according to reported data and phone calls from veterans or their families. Able to assess patient conditions and symptoms over the phone. Help prevent re-hospitalizations and Urgent care or ER visits. Teach disease management to the patients so they can ultimately be able to stay at home and not be hospitalized.

### **Specialty Clinic Float RN**

Aurora Healthcare Outpatient Surgery Clinic - Marinette, WI  
February 2016 to May 2016

Float RN for specialty clinics including Urgent Care, Pulmonology, OB/Gyn, Neurology, Internal Medicine, Family Practice, GI, Cancer Care. Most of my time was spent in oncology. Learned computer system Epic. Left to get full time hours at the VA.

### **Acute and Chronic Dialysis RN**

Davita Dialysis - Marinette, WI  
February 2015 to February 2016

Provide on-call coverage to dialyze all acute PD and hemodialysis patients in the hospital setting as well as the clinic setting.

### **Office Assistant**

Cappaert Evaluation Services - Stephenson, MI  
August 2013 to February 2015

Worked for the family business, managed scheduling, entered data into reports using specialized appraisal software and various computer programs. Communicated with other companies to get appropriate data needed. Able to multi-task and complete projects on time independently.

### **Clinic RN**

Department of Veterans Affairs - Menominee, MI  
August 2011 to August 2013

Managed Warfarin clinic, performed phlebotomy, mental health, case management and health coordination for all aspects of veterans care. Worked with outside agencies to get needed care for vets. Worked closely with physicians and physician assistants in other departments. Entered needed consults into the system and coordinated appointments and travel arrangements for vets. Diabetic teaching to veterans and their families.

### **RN Dialysis**

Aurora Healthcare Dialysis, Marinette  
April 2010 to August 2011

Care for dialysis patients in the out-pt. clinic on a daily basis. Cannulate fistulas and grafts, blood draws, assessments, IV medication administration, teaching, care plans, computer charting, updating MD and coordinating care of pt. with staff of other facilities. Ability to work in a fast paced environment and get along well with all members of the team functioning as a leader in the RN role as well as performing technician job duties.

### **RN Surgery**

Aurora Healthcare Outpatient Surgery Clinic - Marinette, WI  
April 2009 to April 2010

Worked full-time hours primarily in the pre-op area getting patients ready for surgery, starting IV's, medication administration, and teaching.

Worked in a timely manner with staff including doctors, nurses and surgical and GI techs. Cross-trained into recovery room and disinfecting GI scopes as well as floated to the recovery room.

### **RN Home Care and Hospice**

Marquette General Home Health and Hospice - Menominee, MI  
2004 to 2009

Worked with patients in their homes for a variety of health care needs including hospice. Job duties included teaching and case management, supervision of CNA and LPN co-workers. PICC line cares, and a variety of IV and tube feeding pumps, wound care including wound vacs. Phlebotomy daily. Oasis B and C assessments on paper and on computer. Have ability to be well-organized and work independently as well as with a team. Provided 24/7 on call on a rotation.

### **RN Medical-Surgical**

Aurora BayCare Medical Center - Green Bay, WI  
2002 to 2004

Worked on Med/Surg and Cardiac floors. Performed charge nurse duty on rotating basis.

### **RN Mental Health**

Northpointe Behavioral Healthcare System - Menominee, MI  
2001 to 2002

Worked on ACT team assisting clients with severe mental illnesses in their home and community. On-call and crisis intervention. Was the nurse for Maple Ridge Home for clients with developmental disabilities. Excelled in teaching and case management aspects of the job. Supervised resident assistants.

### **Med/Surg RN**

Bay Area Medical Center - Marinette, WI  
1999 to 2001

Worked on Med/Surg, ortho and pediatric floor which required the ability to handle stressful situations and changing work assignments easily. Worked well within the team.

### **RN Supervisor**

Roubal Care and Rehab Center - Stephenson, MI  
1998 to 1999

Direct patient care, treatments, phlebotomy, MDS assessments, MD rounds and care plans. . Supervision of CNA and LPN co-workers. Voted employee of the month.
