Professional Summary & Mission Statement

I am a compassionate, dedicated, and proficient RN, BSN. Versed in care plan implementation, prioritization, evaluation, critical thinking, and nursing team development. Energetic and motivating team-mate passionate to provide optimal health and wellness with collaboration with the intraprofessional team to provide excellent innovative treatment with autonomy and client advocacy. Highly proficient in all areas of patient care, serving with integrity and embracing diversity, equity, and culture and religious awareness. My mission is to contribute to improving the health of individuals and communities through the alliance with a strong extensive health care system that provides new opportunities, new possibilities, and new solutions to help understand, manage and overcome client's medical conditions.
