Work Experience

Registered Nurse

University of Tennessee Medical Center Antepartum Unit - Knoxville, TN

December 2021 to Present

- Facilitate quality nursing care of a variety of patients throughout the antenatal process.
- Implement orders while working alongside providers to improve patient outcomes and promote advocacy of the individual patient.
- Perform thorough assessment techniques and utilize nursing judgement to discern potential outcomes of both mother and fetus.
- Utilize technology such as fetal monitoring, doppler, ultrasound, and other mediums in order to assess the patient.

Volunteer Nurse

Positively Living (Choice Health Network) - Knoxville, TN

August 2020 to Present

- Assists with syringe exchange programs to provide safe injection resources to individuals in the local community
- Educates patients on safe injection practices as part of the harm reduction program
- Distributes naloxone, fentanyl test strips, and injection kits to patients during syringe exchanges

Scholar

1794 Scholars Program at the University of Tennessee - Knoxville, TN

August 2017 to Present

- Focuses on four pillars of engagement to support academic excellence: academic engagement, global and cultural awareness, campus involvement, and volunteer spirit.
- Abides by the code of the 1794 Scholars and maintains good standing within the program.

Registered Nurse

Gulf Coast Regional Medical Center Labor & Delivery Unit - Panama City Beach, FL,

July 2021 to November 2021

- Participated in didactic training as well as hands-on inpatient experience as part of the nurse residency program for HealthTrust.
- Facilitated quality nursing care of mother and baby throughout the duration of labor and delivery.
- Performed operating room circulator duties to assist in delivery via cesarean section.
- Provided immediate care of the newborn through APGAR scoring and implementation of NRP protocols as ordered by provider.
- Coordinated interdisciplinary care of mother and newborn with various healthcare team members to achieve optimal health and continuity of care.

Student Nurse Associate

(SNA), Methodist Medical Center - Oak Ridge, TN

May 2020 to May 2021

- Provides generalized nursing care such as toileting, positioning, ambulating, and preparing care for patients from time of arrival in the Emergency Department until time of departure or admission.
- Assists in preparation of patient rooms and beds for receiving patient arrivals, returning patients from diagnostic testing, transfers, emergencies, or discharges.
- Obtains and records vital signs, including temperature, pulse, respirations, weight, height, blood pressure, and intake-output measurements.

Volunteer

East Tennessee Children's Hospital - Knoxville, TN

August 2018 to December 2019

- Volunteered approximately 3 hours per week in the visitor area (190 documented hours with UTK's Center for Leadership & Service).
- Communicated with corresponding family members with available updates regarding the patient's operation.
- Effectively informed visitors of the policies of the surgery waiting area.
- Comforted neonatal patients in the NICU.

Senior Lifeguard

City of Oak Ridge Recreation & Parks - Oak Ridge, TN

June 2015 to July 2019

- Effectively directed and informed patrons about appropriate methods of swimming and pool area conduct as instructed by Red Cross.
- Accurately located and responded to emergency situations.
- Maintained pool quality and chemical content using control guidelines.
- Achieved and maintained a qualifying GPA to gain acceptance to the selective organization.
- Adheres to the mission statement of advancing world health through the skills of nursing.

Medical Scribe
