Work Experience

Travel RN, Medical/Surgical - Flexcare Staffing

Santa Rosa Memorial Hospital - Santa Rosa, CA

February 2022 to May 2022

- Provided patient care for up to 5 patients on a fast-paced medical/surgical unit while prioritizing acuity
- Closely assessed patients and advocated for care appropriately
- Communicated appropriately with physicians and other staff members
- Took on role as Resource RN, assisting other nurses as needed

Staff RN/Relief Charge, Stepdown, Medical/Neurological

Enloe Medical Center - Chico, CA

March 2017 to February 2022

- Cared for a diverse and clinically challenging patient population, including a wide variety of patients with cardiac, respiratory, endocrine, gastrointestinal, urological, and neurological disorders
- Experience as Charge RN, working multiple shifts a month overseeing the unit
- Prioritized patient needs while communicating with other members of the healthcare team
- Delegated tasks and supervised nursing assistants while ensuring patient safety was maintained

Staff RN, Critical Care, Medical/Surgical

Gritman Medical Center - Moscow, ID

August 2019 to April 2020

- Worked in both the Critical Care and Medical/Surgical unit, treating a wide variety of conditions and patients of all ages
- Gained experience recovering patients, functioning as post-anesthesia RN during night shift hours
- Constantly multitasked and prioritized patient needs based on acuity
- Collaborated effectively with physicians and other members of the medical team
- Managed care while paying close attention to detail and assessing the ever-changing conditions of patients
