Work Experience

Registered Nurse (RN)

Swedish Medical Center - Edmonds, WA

September 2020 to Present

Graduated from Northwest Periop Consortium and transferred from critical care to the OR.

Critical Care and PACU RN

Swedish Medical Center - Edmonds, WA

October 2015 to Present

This is a critical care unit focusing on cardiac issues that serving all medical and some surgical diagnoses. All of our patients require highly skilled care.

Traveling Registered Nurse

Medical Staffing Network - Seattle, WA

March 2012 to October 2015

Staff RN at numerous hospitals in Northwest Washington, working on post open heart, post cardiac unit, telemetry, MedSurg, oncology, Renal,pulmonary, and short stay units.

Cardiac Step-Down RN

Harrison Medical Center - Bremerton, WA

May 2005 to November 2011

Serving adult patients on a cardiac step down unit with cardiac/pulmonary/renal issues as the focus but serving all medical and some surgical diagnoses. We received the majority of our patients as ICU transfers with multi system abnormalities requiring highly skilled assessment.

Registered Nurse

Northwood Lodge - Silverdale, WA

November 2003 to May 2005

Provided short term sub acute care and rehab to approximately 12 patients at a time. Most who were transitioning from the acute care setting with the goal of returning to their primary residence. Diagnoses ranged from orthopedic procedures, cerebral vascular accident, cardiac surgeries, cancer and other various medical complications. Assignments included but not limited to acquiring IV access, administration of IV therapy including central lines, epidural lines, wound care, diabetic management

and education, physician notification, documentation and supervision at 2 to 3 certified nursing assistant at a time.

RN Coordinator

Kitsap Tenant Support Services - Bremerton, WA
January 1993 to March 1997

Monitored health and wellness of caseloads of intensively developmentally disabled individuals, providing quality assurance review of MD orders and assuring maintenance of all healthcare records in accordance with Washington state guidelines governing the residential providers. Provided consultation to physicians, nursing services and numerous other healthcare professionals as well as team working cooperatively with medical coordinator and nutritional consultant to ensure the health, safety, and rates of my clients. Secured medical treatment plans by supervising staff inappropriate application of said plan to client and furnishing in-service training to all staff members on an as needed basis. Reviewed and periodically monitored staff and or client administration of medications via G-tube as well as oral. Monitored and maintained records and reports. Restructured and devised a more administratively viable staff efficient system, specifically targeting communication procedures and confirmation of staffs implementation of nutritional information and procedures. Supervised approximately 36 full-time staff as well as numerous on-call staff in healthcare techniques. On call 24 hours offering quality assurance to the company, monitoring /consultation to staff and above all ensuring the health and safety of my clients.

Additional Information

I have been an RN for 29 years and I am excited to change my focus from Intensive Cardiac care to Surgery and Medical Aesthetics. I am looking for any opportunities that will help further my knowledge and experience in the aesthetics field. I also welcome any advice you would like to offer me. Thank you for taking the time to review my resume and I look forward to meeting you.
