Work Experience

LPN Correctional Nurse

Wexford Health Sources, Inc. - Lincoln, IL

April 2013 to Present

I am currently working as a correctional nurse , job descriptions include passing medications. I also provide nurse sick call triaging individuals for sickness and other issues. We complete intake medical histories upon arrival to the facility. We work next to providers in a clinic setting for scheduled appts and appropriate procedures. I run emergency codes called for patients and staff as needed. Duties also include transcribing orders from mental health and medical providers. Nurse has knowledge with working with OB patients as well. Nurse has many more duties that can be listed upon interview.

Nursing Technician

Memorial Medical Center - Springfield, IL

July 2008 to April 2013

providing assistant to patients and nurses on the psych unit. Duties included helping patients with showers, feedings and 1:1s supervisions. checking patients in upon admission with nursing staff. I placed catheters , removed hep locks, and took accu- checks as needed. I assisted in transporting patients as needed to other areas of the hospital including ECT treatments.
