Work Experience

LPN (Licensed Practical Nurse)

JOHNSON STATE PRISON - Wrightsville, GA

October 2018 to Present

Collaborated with primary care providers to ensure continuity, timeliness and appropriateness of care for all inmates.

- Coordinated and administered medication, therapeutic agents and treatments to inmates.
- Provided emergency first aid care, check and recorded all vital signs.
- Overseen special pods of diabetics, and mental health.
- Obtained specimens from inmates for diagnostic testing.
- Recorded all care information concisely, accurately and completely in a timely manner in the appropriate format.
- Promoted a therapeutic environment to ensure inmates were treated in a professional, ethical and tactful manner.

Med Surge

Emanuel Medical Center - Swainsboro, GA

December 2016 to February 2019

Provided patient care to pediatric patients from ER, and ICU; experienced in low to high acuity levels in patients.

Perform assessments; provided intravenous therapy; complex wound care; monitored various drainage devices. Administered prescribed medications, started intravenous fluids, and documented patients' charts by recording food and fluid intake and output.

Collaborated daily with physicians and health care team to achieve optimum patient care.

Established strong relations with physicians built on trust and knowledge of patient care.

Served as mentor, coach and team builder of inexperienced licensed and unlicensed staff.

Unit Manager, LPN

Glenwood Healthcare/Beacon Health Care - Glenwood, GA

December 2017 to October 2018

Handle all supervisory duties for the unit, overseeing re licensed practical nurses, nursing aides, medical clerks and support staff. Set work schedules, delegate assignments, assign tasks and evaluate employee job performance, as well as disciplining employees who don't fulfill their job requirements or provide

inadequate patient care. Establish employee policies and procedures. Mentor less experienced nurses, offering clinical and career advice. Set goals and standards for the facility and hold staff meetings to give directions or discuss areas for improvement.

LPN supervisor

Wrightsville Manor - Wrightsville, GA

April 2011 to December 2017

Observe nurses and visit patients to ensure proper nursing care.

Instruct individuals, families, or other groups on topics such as health education, disease prevention, or childbirth and develop health improvement programs.

Monitor all aspects of patient care, including diet and physical activity.

Monitor, record, and report symptoms or changes in patients' conditions.

Order, interpret, and evaluate diagnostic tests to identify and assess patient's condition.

Direct or supervise less-skilled nursing or healthcare personnel or supervise a particular unit.

Prepare patients for and assist with examinations or treatments.

Provide health care, first aid, immunizations, or assistance in convalescence or rehabilitation in locations such as schools, hospitals, or industry.

Charge Nurse

Enterprise Health & Rehab - Enterprise, AL

January 2011 to April 2012

Administer prescribed medications or start intravenous fluids, noting times and amounts on patients' charts.

Observe patients, charting and reporting changes in patients' conditions, such as adverse reactions to medication or treatment, and taking any necessary action.

Work as part of a healthcare team to assess patient needs, plan and modify care, and implement interventions.

Collect samples, such as blood, urine, or sputum from patients, and perform routine laboratory tests on samples.

Supervise nurses' aides or assistants.

Assemble and use equipment, such as catheters, tracheotomy tubes, or oxygen suppliers.

Evaluate nursing intervention outcomes, conferring with other healthcare team members as necessary.

Measure and record patients' vital signs, such as height, weight, temperature, blood pressure, pulse, and respiration.
