Seeking employment within a company that offers further education opportunities regarding health care. I am pursuing my bachelor's in nursing while maintaining employment at a location that allows room for growth and expansion in education. I would plan to stay employed with this organization after obtaining my bachelors in the science of nursing. I am currently employed as a home health nurse. Due to my school schedule my availability is limited and I am seeking a part time or PRN position.

Authorized to work in the US for any employer

As a Covid-19 test applicator I was awarded for having been the best team educator. I also received a letter of thanks and acknowledgment from the Governor of Colorado for my outstanding and persistent work at the Covid test site.

Working at Café Rio I was promoted from cashier to line worker. My responsibilities included preparing all of the custom drinks from scratch prior to business hours. I was in charge of the safety and quality of all foods served throughout my shift. I was recognized for my diligent work and the quality of the products I made by being offered the position of manager.

During the Veterans Upward Bound Course at CMU I was awarded Exemplary Student for my perseverance during the course.

My GPA over 5 years at CMU has remained above a 3.5.

While in the military I was awarded Soldier of The Month Board during deployment. I was also awarded multiple Service Member awards. I was responsible for the care of over 100 military vehicles and over 1,000 service members records. I deployed with the psychological intelligence during which time I oversaw the security of top-secret operations. I was promoted for my performance there.
