Authorized to work in the US for any employer

## Work Experience

---

### Registered Nurse

CHI St Lukes

March 2022 to Present

I work orthopedic surgery/inpatient rehab. I care for fresh post operative joint replacements and other bone surgery patients. I utilize the nursing process with assessment, implementation and documentation. I monitor my patients closely and also work closely with PT/OT and most of my patients discharge on post op day 1.

Inpatient rehab patients range from stroke, spinal cord injuries, joint replacement and general debility that need intense PT/OT/ST to get stronger for a safe discharge. I collaborate closely with the physicians and therapy teams to work for a safe discharge.

### Registered Nurse

Michael E. DeBakey VA Medical Center - Lufkin, TX

August 2021 to March 2022

I work as a RN primary care in an outpatient clinic setting. I am responsible for using the nursing process throughout the care for our nation's heroes, our Veterans. I triage, monitor lab results, screen for covid, give vaccinations, review medications and handle any problems the Veteran's may have. I collaborate with my provider, lab, Xray, and care for Veterans in our primary care clinic, in the community or at our main hospital, Micheal E DeBakey VA medical center in Houston.

- Triage patients
- Monitored and documented patient's vitals
- Provided education and discharge instructions
- Carried out the care plan planning

### Registered Nurse

Veterans Administration Hospital - Fayetteville, AR

May 2019 to August 2021

I have a hybrid position working between the Residential treatment program and the Mental Health clinic. I am responsible for continued assessment, medication administration and education, documentation of changed behavior and collaboration within our team for individualized care for Veterans. I lead groups and am responsible for the safety on our unit. I am on the Intimate Partner Committee and Veteran Experience Committee. I also started on the Evidence Based Practice as a champion to help lead the way for changes in our facility.

### RN Case Manager

Northwest Medical Center Springdale - Springdale, AR

October 2018 to May 2019

I am responsible for referrals to inpatient rehab. I conduct patient interviews, relay information to insurance companies, and perform all paperwork necessary to get appropriate patients to Acute Inpatient Rehab. I work closely with our medical director, physical therapy, occupational therapy and other case managers to assist in patient's care. I also work closely with other hospitals in the area to provide and assist in their patients plan of care. I work in the community bringing awareness to what Inpatient Rehab can provide.

### **Registered Nurse (RN)**

Mercy Health System - Rogers, AR

2012 to 2018

Responsible for assessment, rooming patients, documentation and assisting the physician and nurse practitioners in caring for patients in the office. I do EKGs, medication refills, PA, schedule procedures, communicate results and oversee care of cardiology patients.

### **Registered Nurse**

Circle of Life - Bentonville, AR

2010 to 2017

I took care of patients at end of life. I performed wound care, assessment, counseled family, medication administration, documentation along with emotional support of my patients. I worked closely with physicians to ensure my patient were comfortable and symptoms were managed.
