SUMMARY

An accomplished health administrator, with experience in the non-profit sector. A results-oriented, decisive leader with proven success in growing bottom line while spearheading operational and programmatic improvements to drive productivity and reduce costs. Aiming to leverage my experience and knowledge to effectively fulfill this position in your organization.

EXPERIENCE

Director of Health Services Sep 2018 - Present
Kingsley House

My role provides guidance, leadership and vision to Kingsley House health services division. Serves as Program Director for Kingsley House Adult Day Healthcare Program and Health Services Director for the agency.

Key Contributions:

- Spearheaded overhaul of the health division and focused on programmatic restructure, recruiting key personnel, while providing functional management and establishing performance metrics
- Introduced cross - departmental reorganizational structure and supported processes that improved service delivery and increased agency bottom line
- Cultivated strategic partnerships and developed key programming delivery models
- Improved productivity while reducing personnel and operational cost
- Served as infectious control and emergency response leader

Registered Nurse Jan 2018 - Sep 2018
Touro

- Provided care to adult patients who require hemodynamic monitoring and treatment following cardiac and thoracic surgery, STEMIs, exacerbations of heart failure and COPD.
- Responsibilities included: assessing, planning and evaluating patients. Rhythm interpretation, hemodynamics, pain and medication management, education, family support, temporary epicardial pacing, open cardiac arrest management, PA catheter removal, and external cardiac defibrillation.
- Charge nurse experience
