LPN/ ORA

A challenging position in the healthcare industry. I would like to enhance the quality of healthcare by contributing my skills and knowledge to achieve satisfaction personally, as well as professionally.

August 2005 - Present

Private Duty LPN ; Caring for individuals in various living environments,

in order to assist with maintaining independence and optimum health therein.

Willing to relocate to: Pensacola Beach, FL - Fort Morgan, AL -

Authorized to work in the US for any employer

Work Experience

Licensed Practical Nurse

Wisconsin Dells Rehabilitation Center - Wisconsin Dells, WI

August 2000 to August 2005

Perform physical assessments on individual residents, chart and communicate results to resident's physicians and family members. Follow through with any additional orders the physician may have regarding medication administration or special rehabilitative orders for diet, speech and/or physical therapy. Explain new orders and procedures to residents and their families and relay this information to each member of the staff directly involved with that particular resident on a daily basis.

Licensed Practical Nurse/Unit Secretary

Reedsburg Area Medical Center - Reedsburg, WI

January 1998 to July 2000

Answered phones and directed them to appropriate departments or staff members through use of a multiple phone line and paging system. Scheduled staff for resident care. Called in replacement staff when necessary. Assembled charts for residents, organizing pertinent information for easy physician access and/or ancillary department usage. Utilized LPN skills whenever called upon to replace licensed staff in the event of illness or other unexpected shortages. Experienced in tube feedings, IV fluids, glucose monitoring in labor and delivery, newborns, as well as geriatrics and orthopedics.

Licensed Practical Nurse

Dr. Donald E. Bates - Fort Atkinson, WI

December 1995 to December 1996

Solely responsible for drawing labwork on patients when requested by physician. Charted patient history and recorded vital signs. Assisted physician with in-office procedures, using aseptic technique. Sterilized instruments, ordered supplies, answered phones, scheduled appointments and provided patient education.

Licensed Practical Nurse

Fort Atkinson Memorial Health Services - Fort Atkinson, WI
March 1995 to December 1995

Direct patient care including, but not limited to, medication administration, patient education, interaction with other staff members, patients, their families and physicians regarding patient care and progress. Assisted patients with ADL's, personal hygiene, toileting, and clothing. Worked with patients on an individual basis according to needs including injections, medications, explaining surgical procedures or disease processes. Worked on a float team in all areas of the hospital from stepdown to intermediate to post-op, emergency, obstetrics and labor and delivery.

Additional Information

Although I am trained as a nurse. I am ready for a change into hospitality.
I'll be living in Pensacola at South Harbour the month of January 2023
Fort Morgan February to March 10 2023
Perhaps a hostess, busser, salad prep. Outdoor pool supervisor.
I enjoy helping people who would like to maintain their independence.
I could be of help as an in home caregiver.
