To obtain a position in your company using the skills I have obtained working in the medical field and in an office setting.

Authorized to work in the US for any employer

Work Experience

LPN

The loft of decatur

June 2021 to Present

Generations is a long term care facility. I work with as many as 37 patients at times. I am responsible for all their medication assignments.

I do dressing changes, help the CNA's with anything they need help with, and work with each resident on that particular floor.

I put orders in the computer and take them over the phone to be put in the computer. I do medicare charting on all medicare patients.

LPN

November 2020 to Present

Advantage nursing survives

Working with 2 families taking total care of their children. Obtaining vitals, tube feeding, medication admin, working with child and family regarding activities for the child. Placing child in stander, working with a ventilator and other tasks around the house.

LPN

February 2020 to November 2020

Carle foundation hospital

I worked on an orthopedic floor taking all the charge nurses patients. I had up to 5 a day. Full assessment, all medication passing, speaking with doctors, taking orders, working one on one with the charge RN and other staff.

LPN

Decatur public Schools

August 2017 to February 2020

I am responsible for taking care of an individual student for the district who needs total nursing care. I work with the parents and teaching staff daily to make sure the needs of the student are met. I assist in the classroom wherever I am needed and help with the care of students in the essential skills classroom.

LPN

Crossing Health Care
March 2016 to April 2017

I worked as an office nurse for 4 psych providers. I managed 5 other staff members and monitored their day to day operations. I was responsible for; all refills for patients, returning and receiving phone calls, calling on all prior authorizations for medications, working with DCFs, and working with the Macon County jail to ensure our patients got their medications appropriately.

LPN

St Mary's Hospital
June 2013 to February 2016

I worked on the gero-psych unit, as well as with adult patients as well. I passed all medications for residents and assisted the RN in whatever she needed help with for our shift. I assisted extremely violent residents with showers and helped with "speed teams" (when residents would get to difficult to handle we would call security and have to place them sometimes in 4 point restraints.) I helped the doctors taking orders and giving them updated information about the patients.

Staff
