Work Experience

Registered Nurse

PRINCE GEORGE'S HEALTH DEPARTMENT - Prince George's County, MD
February 2021 to March 2022

Administered varying Covid-19 vaccinations at mass vaccination sites, personal homebound visits, and pop-up clinics at schools and churches. Administered Pfizer, Jansen & Jansen, and Moderna Covid-19 vaccine to adults. Administered Pfizer Covid-19 pediatric vaccines to children aged five through eleven years old. Performed thorough evaluation of appropriateness of vaccine for each patient and provided answers to patients with questions and concerns regarding administration.

Registered Nurse

Shock Trauma Post Anesthesia Care Unit
1988 to 2019

1988 - 2019

Cared for adult patients with various levels of acuity in a critical post-operative stage based on ASPAN standards. Assessed the progression of patients returning to their baseline status through continuously monitoring patients' vital signs, mental status, respiratory status, and level of sedation. Collected multiple tests that included blood work and EKGs. Worked with physicians to determine the next appropriate care setting for patients post PACU. Frequently acted as charge nurse.

Shock Trauma Intermediate Care Unit
1985 to 1988

Renal Transplant Surgical Unit
1981 to 1985

Education

Bachelors of Science in Nursing

College of Notre Dame of Maryland
June 1987
