I am an LPN. I have worked in dementia/ memory care, skilled nursing/ long term care, and post acute care- rehab. I am always seeking to grow my skills, and expand my capabilities. As an experienced travel nurse, I am adaptable to many situations, and flexible in use of my skills and knowledge. I am experienced in using electronic charting systems (namely: Point, Click, Care, some Epic). I am seeking employment. I hope to continue to gain new experiences, grow as a professional, and provide support to my patients and team, as I apply critical thinking and the nursing process under the direction of advanced nursing staff. I am a caring professional who is responsive to patient needs, and a team player to reach care goals.
