## Work Experience

---

### **Registered Nurse (RN)**

HCA Healthcare - Colorado

August 1996 to April 2022

Working in the critical care unit of labor and delivery for my entire career was my dream job. Duties included collaborating with physicians for plans of care for antepartum, laboring and delivering of their patients as well as the need for scheduled and emergent c-sections. All the while following the ever changing guidelines and policies set forth. Human kindness and compassion for those with a fetal demise is brought out in all nurses as we strive to give them the best of care during a catastrophic event.
