In March of 2015, I was working for the cleaning company Accent Building Maintenance. I started as a crew member and made my way to crew lead at the paper mill Kimberly Clark.

In May 2016 I relocated to Green Bay WI, and started working at Fiduciary Real Estate Development, Inc. Starting June 2016 I was the main cleaner at Creekwood Apartments until December 2017. I moved back to Michigan, and

I briefly worked at Goodwill Industries full time in apparel (January 3rd, 2018-February 2018) and decided that retail wasn't the right fit for me personally. In February 2018 I was a Floor Technician Lead back at Accent. I oversaw all the floor care that is done at many accounts.

I left this job in July 2018 to begin school full time to become a nursing assistant. I graduated and began working at Rennes Health and Rehab center in Peshtigo WI, where I earned my state certification and started the nursing program at NWTC. I worked there and at their Appleton location until I left the company in October 2021.

I started at Edenbrook Green Bay in 10/21 where I started as a CNA and worked there as an LPN and passed my NCLEX on 4/20/22. I left this company because of poor management. I now work at Advocate Aurora Health in Green Bay as an LPN in both gastroenterology clinics. I am looking for a new job because I had to move an hour away. I graduated from the nursing program in December 2021 with Highest Honors, and I am currently enrolled at Arizona State University for Astrophysics and have plans at working at NASA, but that is in the future for now.

Willing to relocate to: Sheboygan, WI - Plymouth, WI -  
Authorized to work in the US for any employer

## Work Experience

---

### **LPN (Licensed Practical Nurse)**

Advocate Aurora Health - Green Bay, WI

June 2022 to Present

At Aurora, I am an LPN at both of their Gastroenterology clinics in Green Bay. I room patients, take vitals, and use Epic to answer inboxes and complete charting. I schedule patients for their appointments and collaborate with the providers to give patients the best experience in the clinics.

### **LPN**

Edenbrook

October 2021 to May 2022

I started at Edenbrook while I was in the final stages of my nursing program. I was a CNA until 1/25/22 when I started working as an LPN under a temporary license and passed my NCLEX on 4/20/22. I pass

medications, do treatments such as wounds, schedule appointments, sign for medications and assist with admissions. I complete my charting with Point Click Care, and when I work on the floor as a CNA I use Point of Care.

## **CNA**

Rennes Health & Rehab Center

July 2018 to October 2021

On July 30th I started full time days as a CNA at Rennes Health & Rehab West center in Peshtigo WI and have also worked at their Appleton location. There I was responsible for assisting in the ADLS of residents in the facility, and other various needs of the residents to ensure their safety and comfort. I am very passionate about taking good care of the residents in this facility, and the bond and trust that you create over time is so extremely humbling and has solidified my desire to continue to work and grow in the healthcare field. Doing good by the people I take care of is what keeps me going. I even earned a "shining star" award in my first month of working as a CNA.

## **Lead Cleaner**

Fiduciary Real Estate Development, Inc

June 2016 to December 2018

My role with Fiduciary Real Estate Development was Lead Cleaner at Creekwood Apartments. My main responsibility was to clean vacant apartments and prepare them for new tenants to move in to. I also clean common areas such as hallways, laundry rooms, the clubhouse, fitness center, and leasing offices. In the winter I partake in snow removal. Other miscellaneous jobs may be asked of me as well.

## **Floor Technician Leader**

Accent Building Maintenance

February 2018 to July 2018

As a Floor Tech Lead at Accent Specialty Services, I drove a utility van with supplies around to various accounts from Carney MI to Madison WI stripping, buffing, and waxing floors, along with various other floor/building services. I would also fill in for other positions in the company when needed.

## **Apparel**

Goodwill Industries

January 2018 to February 2018

At Goodwill I worked in the apparel section, sorting the clothing donations to go out on to the floor for sale. I also helped customers with their questions and do recovery whenever I closed, which is straightening the isles and putting items back in their correct places. I very quickly realized retail was not for me and only worked there a short time.

## **Crew Lead**

Accent Building Maintenance

March 2015 to May 2016

At Accent Building Maintenance I started out as a general cleaner, contracted into Kimberly Clark. I cleaned office areas, breakrooms, locker rooms, bathrooms, and other various parts of the paper mill. I was then promoted to crew leader, which then I was responsible for ordering supplies, bringing them to the job site, and making sure the other cleaners had their tasks.

## Education

---

### **Bachelor of Science in Astronomical and Planetary Astrophysics**

Arizona State University

March 2022 to Present

### **Practical Nursing Degree in Nursing**

Northeast Wisconsin Technical College

June 2019 to December 2022

### **GED in North Menominee County Community Schools**

Stephenson Area Public School

April 2018

## Skills

---

- Medication Administration

## Certifications and Licenses

---

### **CNA**

### **LPN**

April 2022 to April 2023

### **CPR Certification**

### **BLS Certification**
