To work full time as a nurse assisting patients and provide excellent nursing care.

Work Experience

Registered Nurse Med/Surg

Wayne County Hospital - Corydon, IA

May 2022 to Present

I am currently PRN on the med/surg floor. Responsibilities include 2 daily assessments, fall risk assessment, Braden scale assessment, Sepsis screening, ensuring all medication orders, both IV and PO are given properly. Also assess for pain and ensure PRN medications are given per orders. I perform IV starts and injections. Ensure doctors orders are updated and orders are updated. On surgical days, proper education is given to each patient, pertinent to their procedure, both pre and post op.

RN Charge Nurse

MercyOne Centerville Medical Center - Centerville, IA

October 2019 to Present

I work PRN on the Long Term Care in the Mercy One Hospital. I ensure medication and treatments are performed per doctors orders. This is a small facility so an important part of my job is to perform detailed cares to each resident per their request. I also work on the floor as an aide. Ensure assessments are performed accordingly, patients are transferred properly, and they are neat and clean. I know most residents and always try to personalize my cares every time I work.

Adult Psych Nurse

CoxHealth - Branson, MO

September 2017 to September 2019

Worked on the Adult Psych Unit at the Cox Branson Hospital as a charge nurse. I worked with troubled adults that were a harm to themselves or others. I ensured their safety at all times and are given proper medications as needed and as scheduled. Also ensure they have proper therapy related to their individual needs.

RN Home Health Case Manager

Circle Of Friends - Chariton, IA

June 2014 to August 2017

I worked as a home health nurse as a newly graduated RN. I performed a high workload with full independence after being trained. I performed regular and detailed head to toe assessments per doctor orders. I am also experienced with wound vac app and care, and assessment, PICC line dressings, and after care with post op patients. I personally ensured clients dignity, gave quality care and provided emotional/physical support.

- Worked as a private nurse while in school, performing total client care to include tracheostomy and vent care, PEG tube feedings and all medication administered accurately.
- Worked at the Good Samaritan Society in Indianola Iowa, ensured safety of all my patients. Also followed MARS/TARS with accuracy and accountability. (ICF)
- While in nurse school, I participated in a medical mission trip in Costa Rica. I worked with a team that assisted doctors, and senior nurses to provide medical care.
- As a restaurant owner, I ensured quality, cleanliness and organized supplies. Fully responsible for the daily operations. Worked up to 70 hours weekly doing physical, financial, and managerial work. Worked very well with public.
- Proudly served in the military. Last duty station was Desert Storm. Responsible for administration duties within the company and worked with the Commander ensuring all soldiers evaluations were written/ submitted within the time frames. Organized "leave" time for all soldiers. Previously assigned to the Pentagon, Washington, D.C., Office of the Chief of Staff, as a clerk/secretary.
