- RN Home health case manager including physical assessment of the patient, identifying their needs. Creating a plan of care and goals and assist and support the patient by education with collaboration with the multi dissipation team creating recovery plans, referring clients to various healthcare or social services, and collaborating with various human service providers. With the main purpose of promote health and protection.
- Well rounded senior, CNOR certified Operating Room nurse with 20 years of experience in various specialties, i.e. Cardio Vascular, Robotic, Orthopedic and Spinal Surgery. Qualified as an Advanced Scrub Practitioner/First Assistant to the Surgeon. Management experience includes a 2 day Management course and experience as a Hospital Theatre Coordinator/Board runner. Experience in Home health case management. Patient assessment, formulation of plan of care and collaboration.

Well organized and have good communication skills, medical team collaboration. Cope well working under pressure and adhere to time limits. Great team player and on my own, using initiative to ensure a high standard of nursing care and safety for patients within my care following evidence base practice. Providing clinical leadership to junior staff.

I am a friendly and positive person and love a challenge

Authorized to work in the US for any employer
