

NATALIE VIARD

(815) 353-0043 | Chicago, IL | natalie.viard@nm.org

OBJECTIVE

Compassionate and detail-oriented registered nurse with one year of experience on a high-acuity stem cell transplant unit. Able to remain organized and efficient while safely managing care for several medically complex patients.

EDUCATION

Master of Science, Nursing
Rush University, 2021

Bachelor of Science, Biology: Pre-medicine
Palm Beach Atlantic University, 2017
Frederick M. Supper Honors Program

EXPERIENCE

Oct 2021 - NORTHWESTERN MEDICINE

Sept 2022 **Registered Nurse, Stem Cell Transplant/Oncology**

- Provided high-quality and compassionate nursing care for up to 6 patients at a time on a 36-bed stem cell transplant unit
- Collaborated with the inter-professional care team to carry out interventions and maintain the continuum of care for patients with various oncological diseases and blood disorders
- Regularly administered and monitored high-risk and hazardous infusions such as chemotherapy, immunotherapy, and blood products
- Managed different types of IV access sites while following appropriate infection prevention guidelines, including accessing implanted ports, starting peripheral IVs, and maintaining central lines and central line dressings

Oct 2020- RUSH UNIVERSITY MEDICAL CENTER

Feb 2021 **Nursing Assistant**

- Worked closely with RNs to provide care and assistance to patients on the psychiatric unit
- Accurately monitored, tracked, and recorded patient vital signs
- Maintained a clean and sanitized environment for patients, doctors, and nurses

Aug - Dec WALK ON EQUINE THERAPY

2020 **Volunteer Therapy Assistant**

- Assisted patients receiving equine therapy for treatment of a variety of physical and mental disabilities
- Worked with volunteer staff to care for and maintain enclosures of trained therapy horses

Aug 2018- COMMUNITY HEALTH CENTER

Aug 2019 **Volunteer Team Member**

- Assisted with patient care by taking vital signs, performing rapid HIV testing, collecting and processing lab specimens, and answering patient questions
- Managed patient appointments, onboarded new clients, and communicated with external partners regarding patient care plans
