

Mandy Rae Labonte

Critical Care RN since 2009

3105 Road 310 Kiln, MS 39556

Cell: (228) 493-0210

Email: Mlabonte206@yahoo.com

Work Experience:

Advantage Medical Professionals 3/2022-Present

ER Travel RN

I currently work as a Travel RN at Singing River Hospital in the ER as a RN. I frequently work trauma and mid level care as needed in the department.

Canon Hospice 8/2021-3/2022

Gulfport, MS

Case Manager/Field RN

I worked as a Case Manager/Field RN in an outpatient hospice setting. I manage 12-14 outpatient hospice patients on a daily basis. I perform admissions, recertification, medication and DME management and education, conduct biweekly IDG meetings, collaborate with other hospice personnel in the direct care of shared patients to ensure all providers are up-to-date in patient plan of care, participate in on-call rotations and provide care and service hours, death pronouncements

Slidell Memorial Hospital 1/2020-7/2021

Slidell, LA

Emergency Room RN

I worked as a RN with a 4 to 1 patient ratio in an **emergency room** setting of a Level Two trauma center and Stroke Certified Center. I am responsible for receiving, triaging, and assessing critical to non critical patients. I routinely perform 12 lead ECGs, start IV's, hemocults, gastrocults, Place NG/OG tubes, medication administration, access port a cath, teach discharge instructions and follow ups. I utilize EPIC charting system for all charting and conduct bedside scanning of all med administrations. I am responsible for giving report on patients to receiving nurses of admitted patients, arrange admissions, consult with MD's regarding pts treatment and condition, stock and inventory needed supplies, test code carts and trauma room equipment, answer radio calls from medics. Function as a Triage, Staff, Trauma, or Fast Track Nurse on a rotating basis. BLS/ACLS/PALS

Memorial Hospital of Gulfport 12/2018-2/2020

Gulfport, MS

ICU RN

I worked as a RN with 2 to 1 patient ratio in an ICU setting of a Level Two Trauma Center. I set up and monitor medical equipment and devices such as cardiac monitors, mechanical ventilators and alarms, oxygen delivery devices, transducers, and pressure lines. Administer medications intravenously, by injection, orally, through gastric tubes, or by other methods. Administer blood and blood products, monitoring patients for signs and symptoms related to transfusion reactions. Assist physicians with procedures such as bronchoscopy, endoscopy, endotracheal intubation, and elective cardioversion. Assess, prioritize treatment, and document findings. Assess patients' pain levels and sedation requirements. Monitor patients' fluid intake and output to detect emerging problems such as fluid and electrolyte imbalances. ACLS/BLS/PALS

Hancock Medical Center 10/2014-11/2017
Bay St Louis, MS Hours per week:36

Emergency Room RN

I worked as a RN with a 4 to 1 patient ratio in an emergency room setting of a Level Three trauma center. I was responsible for receiving, triaging, and assessing critical to non critical patients. I routinely performed 12 lead ECGs, start IV's, hemocults, gastrocults, place NG/OG tubes, medication administration, access port a cath, arrange transport of pts, teach discharge instructions and follow ups, utilize telestroke. I used CPSI charting system for all charting, as well as written/verbal ordersheets. I was responsible for giving report on patients to receiving nurses of admitted patients, arranging admissions/transfers/lifeflight, consult with MD's regarding pts treatment and condition, stock and inventory needed supplies, test code carts and trauma room equipment, answer radio calls from medics. Function as a Charge RN, Triage, Staff, Trauma, Preceptor or Fast Track Nurse on a rotating basis. BLS/ACLS/PALS/TNCC
