To obtain a full-time position as a registered nurse in a healthcare facility that not only allows me to optimally utilize the skills I have acquired throughout my educational and professional experience, but also challenges me to build upon those skills.

Willing to relocate: Anywhere
Authorized to work in the US for any employer

Work Experience

RN

Baylor Scott & White Memorial - Temple, TX
February 2022 to June 2022

Worked a 13-week travel assignment at this Level One Trauma Center on the Neuroscience unit. I developed experience working with patient ailments including Traumatic Brain Injury, Stroke, Epilepsy, Dementia, and Neurological Carcinomas. Typical Nurse to Patient ratio on this unit was 1:5.

RN

Neurology Specialist of Charleston - Charleston, SC
December 2020 to January 2022

I worked at an outpatient Neurology office under direct supervision of a Neurologist. I checked in patients and gathered accurate HPI's for each patient. I gave report to the Neurologist regarding the patient's current health status and complaints. I then followed the Neurologist's orders regarding the patient's plan of care. I also had the responsibility of dispensing worker compensation medications as prescribed by the Neurologist. I was also responsible for keeping the Crash Cart stocked and ready for any events. I also completed Prior Authorizations for patients medications and medical equipment as needed.

RN

Trident Medical Center - Charleston, SC
July 2020 to December 2020

I am worked on a Medical Surgical unit which provided inpatient care for a variety of medical conditions with a Nurse to Patient ratio typically 1:6. I have developed the ability to organize, coordinate, and prioritize patient care for complex patient assignments.

Education

Bachelor of Science in Nursing

University of South Carolina-Upstate - Spartanburg, SC
August 2016 to May 2020

Nursing Licenses

RN

Expires: June 2022
