My most recent job was as a travel nurse to SantaClara,CA. Where I vaccinated the pediatric population for 3 months.

Prior to that I recently worked part time as a vaccinator/tester for the Virginia Health Department . We did pop up events, schools, long term care facilities, churches and clinics.

I also have experience with CVS as a vaccinator in several stores and clinics.

I have over 20 years experience as a nurse anesthetist and adjunct faculty member for the VCU School of nurse anesthesia.

In 2007 I had an accident resulting in limiting my mobility so a sitting job is best.
