Objective

To obtain professional nursing employment in an environment that focuses on client centered healthcare.

Qualifications

RN Licensure State of Kentucky, #1109496

Education

Associates in Applied Science – Nursing (RN), Elizabethtown Community and Technical College
Nurse Assistant/Pre-ADN Nursing Program Students, Elizabethtown Community and Technical College

Experience

RN, Private Duty, Total Care for Neuro-trauma Adolescent
September 2020-Present

Duties and Responsibilities: Complete care to include medical, meals, and activities for daily living. Patient condition required seizure monitoring, frequent neurological assessments against baseline, medication administration, tube feedings, wound care, and hygiene. As Parent/Caregiver, professional career was shifted to home until sufficient recovery attained that 24 hour RN level nursing care was no longer required.

RN, Admissions/Intake Clinical Assessor
January 2019-September 2020

Duties and Responsibilities: Perform comprehensive clinical assessment on potential clients seeking admission for mental health/substance abuse. Review relevant mental and physical health information with admitting physician to determine if client meets criteria for acute inpatient admission. Receive and enter admitting physician orders. Perform comprehensive nursing assessment and initiate care plans.

RN, Case Manager, Humana
August 2016-April 2018

Duties and Responsibilities: Telephonically assess Medicare, Medicaid, Duals, Commercial and/or Group Account members in 7 domains of functioning; evaluate member needs and requirements to achieve and/or maintain optimal wellness in a flexible, high-energy

environment. You will support and guide members and their families toward and facilitate interaction with resources appropriate for the care and wellbeing of members; working in collaboration with a multi-disciplinary team, employing a variety of strategies, approaches and techniques to manage a member's physical, environmental and psycho-social health issues.

RN, Department of Defense, Ireland Army Community Hospital, Emergency Department, Ft. Knox, KY

August 2009-May 2016

Duties and Responsibilities: As assigned charge nurse directs the admission, discharge and general flow of patients, and assigning nurses and support staff to patients. Provide guidance and assist in administering care to new patients or those with special needs and answer questions regarding protocol. Utilize strong interpersonal skills along with analytic critical thinking skills in a fast paced environment requiring decisive action under pressure in emergent situations. Assess a client's health, as well as detect changes in symptoms, health or pain, and take appropriate action necessary. Display compassion and assist people in various states of emergency situations that are experiencing various physical, mental, and emotional states. Communicate and educate clients and family members regarding health processes and optimal outcomes.

RN, Jewish Hospital, Intensive Care, Ventilator Care, and Critical Care, Louisville, KY May 2006-August 2009

Duties and Responsibilities: Responsible for closely observing patients, noting specific procedures and prescribed medication physical assessments and administering treatments; monitoring vital signs and ensuring the proper functions of feeding tubes, ventilators, catheters and other life support equipment; attending to the patient's overall needs, such as feeding, bathing and grooming, dressing replacement, medication intake, and comfort. Provide support and education to the patient and patient's family, answering questions regarding plan of care and optimal outcomes. Assist patient and family members to understand diagnostic results during stressful situations. Develop, implement, and evaluate nursing care plan that focuses on patient centered care that emphasizes an optimal level of wellness for patient.
