WORK HISTORY

UCHEALTH LIFELINE

Flight Nurse (CFRN), | Denver, CO | October 2021 - Current

- Transport critically ill patients alongside a Flight Paramedic in rotor, fixed, and ground capable apparatus while instituting appropriate protocols and applying time-sensitive interventions.

SWEDISH MEDICAL CENTER

Registered Nurse, (BSN/CCRN) Cardiac ICU | Denver, CO | February 2020-Current

- Monitor, treat and care for critically ill patients in a critical care setting
- Work alongside physicians to plan and implement appropriate patient care

REACH AIR MEDICAL

Flight Nurse/Paramedic (CFRN/FP-C), Crew Chief | La Junta, CO | October 2016 – Oct 2021

- Transport via rotor wing aircraft critically sick and injured patients to outlying hospitals throughout Colorado. Work alongside a Flight Nurse, implementing protocols and interventions such as RSI intubation, ventilatory management, and multiple infusion care
- Assisted the pilot with navigation and radio communication
- Adhered to protocols to protect the well-being of patients and staff
- Updated hospital staff on patient health status for rapid and effective care
- Monitored patients from scene to hospital transfer while conducting in-transit care

CENTURA HEALTH EMERGENCY DEPARTMENT

Paramedic | Denver, CO | January 2016 - January 2018

- Assessed emergency situations and prioritized medical care for patients
- Inserted IVs and administered oral and injectable medications
- Documented all patient information, including condition or injury, treatment and medication administration

AMR/RURAL METRO CORPORATION

Critical Care Paramedic | Denver, CO | March 2014 - June 2016

- Loaded patients into ambulances in preparation for transport to nearest medical center
- Operated ambulance to and from scenes and emergency facilities, responding to dispatch calls for emergent medical assistance
- Collaborated with team members and other first responders, ensuring consistent communication to maintain order and efficient care delivery
