Recent RN graduate with well-developed interpersonal skills and strong fundamentals seeking to bring acquired knowledge into a fast-paced, patient-oriented environment. Proven ability to thrive under deadlines while remaining professional, upbeat, and empathetic. Open minded, enthusiastic, and eager to learn.

Work Experience

Medical Screener

ADVENTIST HEALTH SONORA

October 2021 to Present

In this role, I am the face of the hospital. I represent my employer through my presentation and approach to patients, friends, and family. I am the calm in the storm of reaching their destination. I enforce hospital policy, and I adapt to the evolving changes within the dynamics of COVID while adhering to all expectations of the department.

Trauma SN, Er SN, Icu SN, Step Down Student Nurse

COMMUNITY REGIONAL MEDICAL CENTER

May 2022 to July 2022

Critical Care demanded the application of precise documentation and collaboration to deliver the safest patient centered care. Knowing lab ranges, understanding GCS, and properly performing assessments were crucial to the future of my patients and the success of the oncoming shift.

Labor and Delivery Student Nurse

SAINT AGNES MEDICAL CENTER

January 2022 to April 2022

Implementation of policy and procedures, sterile technique, assessments, education, communication, and advocacy were crucial to my success in this department.

Pediatrics SN, Picu SN, Nicu SN, Burn Center Student Nurse

COMMUNITY REGIONAL MEDICAL CENTER

January 2022 to April 2022

These specialties provided the opportunity to professionally practice my critical thinking and apply my nursing judgement. Emotionally and physically, I saw myself grow in a way in which I enabled my natural character to shine through patient education, integrity, genuineness, care, and consistency.

Medical Surgical Student Nurse

SAINT AGENS MEDICAL CENTER

September 2021 to December 2021

Clinical Time spent on the Medical Surgical Floor allowed me to implementation and repetition of my foundational skills as well as taught me time management, prioritization, how to communicate with physicians, how to advocate for my patients, proper use of PPE, as well as cultural awareness.

Skilled Nursing Inpatient Student Nurse

COMMUNITY REGIONAL MEDICAL CENTER

May 2021 to August 2021

The time spent in this rotation permitted opportunity to implement the foundational skills taught such as trach care, foley catheter insertion and removal, head to toe assessments, vital signs, tube feedings, medication administration, wounds care, breathing treatments, and mechanical ventilator practices.

Caregiver

HOME HEALTHCARE

September 2017 to January 2019

As a caregiver, I was a companion and liaison for the patient. I assisted in meeting daily needs, as well as coordinated medical appointments, retrieved necessary assistive device, navigated medical billing complication, maintained and administered medications, as well as I was just simply present for the patient.

Office Technician

STATE OF CALIFORNIA

May 2013 to September 2017

Working in medical transportation was where I spent most of my time as an Office Technician. In this department, I coordinated the safe and secure transportation of inmates along side the sergeant to ensure that appropriate specialized care was being delivered to the patient. This entailed supervising and assigning the correctional staff teams while maintaining efficiency for time and cost purposes.

Emergency appointments would arise in which case I was responsible for the legal and pertinent information to permit the necessary travel.
