Work Experience

RN-AGENCY

CARING FOR KANSAS STAFFING AGENCY

March 2017 to Present

I work at a number of facilities with agency. I have worked med surgery, generations (psych), ICU and ER. I have worked at Select Specialty Hospital and relief charge on night shifts. I have worked at Wesley Rehab hospital working in rehab with 4-10 patients. The skills change depending on location and that facilities rules. I have learned several charting systems. I have learned facilities quickly as there is little or no orientation while being agency.

Travel Nurse

Accountable Healthcare Staffing

December 2020 to August 2021

Trauma ICU, medical/covid ICU, Charge or Surgical ICU at OU Med

RN

WESLEY MEDICAL CENTER

March 2009 to May 2019

I worked on high risk postpartum from March 2009 to February 2016 and then I transferred to SICU. I was a CNA from 3/09-7/11, LPN 7/11-7/13, RN 7/13 to current. In SICU I have trained new hires, capstone students and students. We have a 26 bed level 1 trauma center with strokes, CABG surgeries, surgical, traumas and general overflow. We do a wide range of critical drips, we often recover our surgical patients, conscious sedation, assist in placing dialysis lines, art lines, chest tubes, pig tails, drains, bedside procedures or surgeries. We take care of gunshot, stabbings, falls, insulin drips, massive blood transfusions, managing art lines, biz monitors, EVDs, bolts, managing vent patients, bi-pap and c-pap patients. Assisting doctors with doing broncs, colonoscopy, EGDs, assisting with Midwest transplant patients. Drawing labs and arterial blood gases. Removing art lines, PIVs, central lines. We have had patients on dual vents and paralytics.
