*JFK Memorial Hospital – Indio, CA Feb Dec. 2020 to Oct. 2021*

#### Responsibilities:

This is a 16-bed general ICU that serves critically ill patients, as well as those who are medically compromised as a result of COVID19. Most of the patients require ventilatory support, with a few needing to be prone. As the Critical Care nurse, I am responsible for performing assessment and providing complete plan of care for these critically ill patients and their family.

### Clinical Instructor

*Stanbridge University – Irvine CA – January 2020 to Jan.2021*

#### Responsibilities:

Supervising students as they gain clinical experience in a Long-Term Care Facility

### RN Informaticist

*Eisenhower Medical Center – Rancho Mirage CA – January 2017 to Dec. 2020*

#### Responsibilities:

This position reports to the Vice President of Informatics (Chief Medical Informatics Officer) As the Rn Informaticist, I support Providers in their daily use of EMR providing elbow support for a variety of specialties. I also assist in training new Physicians on the use of Epic EMR.

#### Accomplishments:

Epic Certification for Clinical Informaticists 2019

### **Critical Care RN (Travel Assignment)**

*Natividad Medical Center – Salinas, CA October 2016 to Jan 2017*

#### **Responsibilities:**

This is a 10 bed general ICU that serves critically ill patients who underwent both cardiothoracic and non-cardiothoracic surgeries, as well as those who are medically compromised. Most of the patients require ventilator support. As the Critical Care nurse, I was responsible for performing assessment and providing complete plan of care for these critically ill patients and their family.

### **Clinical Informatics Liaison**

*Desert Regional Medical Center – Palm Springs CA - May 2016 to Sept. 2016*

#### **Responsibilities:**

This role serves as a liaison between clinicians, ancillary departments, and Information Technology (IT) for the alignment of clinical and IT standards with department workflow, processes, and policies. The role also involves training Physicians on the use and adoption of Cerner.

Electronic Health Record (EHR). Additionally, as the Clinical Informatics Liaison I provide ongoing support to Physicians in their daily use of Cerner EHR.

### **Critical Care RN (Travel Assignment)**

*Presbyterian Intercommunity Hospital – Whittier, CA Feb 2016 to May 2016*

#### **Responsibilities:**

This is a 12 bed general ICU that serves critically ill patients who underwent both cardiothoracic and non-cardiothoracic surgeries, as well as those who are medically compromised. Most of the patients require ventilator support, with a few needing Continuous Renal replacement Therapy (CRRT). As the Critical Care nurse, I was responsible for performing assessment and providing complete plan of care for these critically ill patients and their family.

### **Clinical Informatics Educator**

*Community Medical Centers - Fresno, CA - October 2012 to January 2016*

#### **Responsibilities:**

Team Lead - EpicCare Inpatient

Conducts Instructor led classes for different users 4 times every week.

Creating and maintaining training curriculum for different Epic applications - EpicCare Inpatient, ASAP (Emergency Department application)

Creating and maintaining corresponding eLearning modules

#### **Accomplishments:**

As the pioneer staff of the Clinical Informatics Education department, I transformed the training delivery for Community Medical Centers, by moving the training from instructor led classes to a blend of eLearning and instructor led validation sessions. We train on the average 10 – 15 staff members every week.

I rewrote the training curriculum for all the Epic applications we train on. Led the effort to author eLearning modules using Captivate

#### **Skills Used:**

**Leadership skills** - Ours is a small team and with rapid changes in the Electronic Medical records, it requires constant adjustments in the training curriculum as well as eLearning modules. As the Team Lead I make sure that the training materials are not only current and up-to-date, but also that training delivery is on schedule.

**Communications skills** - able to communicate effectively both verbally and in writing.

**Authoring Tools** - Captivate and SnagIt

### **Genesis Trainer - Cerner EMR**

*St Agnes Medical Center - Fresno, CA - March 2012 to October 2012*

#### **Responsibilities:**

Part of the training team that trained nearly 600 staff for go live with Cerner EMR Conducting Instructor led classes for RNs 3- 4 times every week prior to go live.

Post go live, I was one of the support team (Rapid response team) that made sure that issues that staff may have using the new EMR was promptly resolved.

#### **Accomplishments:**

Was awarded the Daisy award for excellence in training

### **ICU Staff Nurse**

*St Agnes Medical Center - Fresno, CA - June 2009 to March 2012*

#### **Responsibilities:**

Assessment and care of the critically ill patient
